BUYING BRIEF · FOR BROKERS, M&A ADVISERS & CORPORATE FINANCE

Khan Family Office

A UK single family office acquiring majority stakes in established businesses, with its own family capital and no acquisition debt.

What we buy

- Established, profitable and cash-generative businesses
- A majority or full sale: we take controlling stakes
- Founder or family succession, retirement, shareholder exits and corporate carve-outs
- Healthcare and real estate, plus technology-enabled services, industrials, consumer and adjacent sectors
- UK and international, wherever we can govern effectively

Why sellers choose us

- Own capital, no fund clock. We invest only family money and can hold for the long term, with no fixed exit date.
- No acquisition debt. Guided by Islamic finance, we never load the businesses we buy with borrowing.
- Direct decision-makers. No investment committee layers or external LPs, so feedback is clear and personal.
- Flexible structures. Sellers and management can retain equity alongside us.
- Discreet. Every introduction is confidential; we are happy to sign your NDA.

How to introduce an opportunity

1. Email a short, no-names teaser to contact@khanfo.co.uk: sector, location, nature of the sale and headline financials.
2. If it looks like a fit, we sign your NDA so you can share the information memorandum.
3. We review promptly and give you a straight answer, whether we proceed or not.
4. Where there is mutual interest, we meet the owners and management and move towards an offer.
